APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is approved with the condition that the diversion
of water hereunder must not interfere with prior existing rights,
and that the water must be returned to the natural stream undim-
inished in quantity, domestic use excepted, and unimpaired in
quality.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2) cubic feet per second.

Actual construction work shall begin on or before July 27th, 1912.

Proof of commencement of work shall be filed before August 27th, 1912.

Work must be prosecuted with reasonable diligence and be completed on or before September 27th, 1912.

Application of water to beneficial use shall be made on or before November 27th, 1912.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before December 27th, 1912.

WITNESS MY HAND AND SEAL this 27th. day of June, 1912.

Proof of labor filed AUG 22 1912

Map filed DEC 27 1912

Cancelled JAN 12 1913 - source of failure of

applicant to comply with provisions of permit.

W. M. Kearney
State Engineer.
